O. H. MILLER, Hondo, Texas,  
Since 1907.

Judge L. J. Brucks and Jack Lacy  
attended the repeal convention at  
Austin Tuesday where they joined  
some others from Medina County and  
helped to organize the Texas forces  
for repeal of the 18th Amendment.  
C. C. McDonald of Wichita Falls was  
made chairman and one delegate  
and one alternate delegate named  
from each Senatorial district. They  
will constitute the campaign com-  
mittee. L. W. Burell of this county was  
made alternate for A. H. Culwell of  
El Paso. Voters, however, will cast  
their votes for the entire state list  
at the election. The dry forces met  
in Austin at the same time and or-  
ganized along similar lines, but if  
there were any delegates present from  
Medina County we have not learned  
who they are. Judge Brucks was  
made County Chairman of the repeal  
forces for Medina County.

Mr. and Mrs. Alfred Schweers,  
Misses Eleanor Heyen, Lillian  
Schroeder, Evelyn Kimmey, Mrs.  
Hilda Bohlen, and Messrs. Horace  
Schweers, Jack Fusselman, William  
Heyen, and Clarence Stuessy at-  
tended the boat races held at the Medina  
Lake Sunday afternoon. On the way  
home they stopped along the Medina  
river where they enjoyed a delightful  
swim followed by a picnic supper.

Rev. P. E. Lancaster and family  
motored over to Austin Monday to  
attend the prohibition rally that was  
held there Tuesday. He reports that  
many of the leaders of church and  
state were in attendance and that  
the opening address of Senator Morris  
Sheppard was very fine and con-  
vincing.

Mesdames George Rende, Sr.,  
Ren Oeffinger, H. E. Haass, Joe Mech-  
ler and L. A. Mechler and Misses  
Irene Haass, Irene Mechler and Mar-  
garet Mehr were guests of Mrs. A. C.  
Wurzback at Cliff Wednesday after-  
noon for the Ladies' Aid meeting of  
Zion's Lutheran Church.

Mr. and Mrs. Ralph Windrow were  
here from Dallas several days last  
week visiting Mr. Windrow's father,  
Mr. W. H. Windrow, and family.  
They were accompanied here by their  
sister, Miss Doris Windrow, who has  
been visiting them and other rela-  
tives in Dallas.

Mr. Gus Rothe and sister, Mrs.  
Alice Reinhart, left last Friday for a  
motor trip to Phoenix, Arizona,  
where they will be guests in the home  
of their brother and sister, Mr. and  
Mrs. Clinton H. Rothe, for the next  
two weeks.

Mrs. W. H. Smith and son, Jimmy,  
and Miss Helen Ann Miller from here  
and Mrs. John Becker of Belin, New  
Mexico, left early Thursday morn-  
ing by motor for Chicago, where they  
will visit the Century of Progress fair.

Alex Jungman and his son, Leon-  
ard, were up from LaCoste Wednes-  
day and paid this office a business  
call.

### DID YOU EVER STOP TO THINK

By Edson R. Waite, Shawnee, Oklahoma.

WILLIAM SOUTHERN, JR., EDITOR OF THE INDEPENDENCE  
(MO.) EXAMINER, SAYS:

"Did it ever occur to you that advertising is not printed in a news-  
paper for the benefit of the publisher, on account of friendship in  
order to help the paper along, but because the advertisement would  
pay the advertiser from a business standpoint?"

"Did it ever occur to you that an advertisement was not a commodity  
at all, but a service?"

"Not long ago an advertiser who operates a big store told one of our  
solicitors that he would never run a line in our paper if it were not  
for his friendship for the solicitor. That merchant should not run  
advertisements at all if that is his reason for spending the money."

A great many seem to consider an advertisement as a commodity,  
something sold by the inch and that one inch is worth the same as  
another inch. One inch in a real newspaper which gives service is  
worth many times the same amount of space in a free circular. Ad-  
vertising is not a commodity at all and cannot be intelligently bought  
by the pound or by the foot or by the inch. Advertising is a service,  
not a commodity.

"A small ad in your home town paper to sell a used automobile is  
worth as much as if it were printed in a large city paper with a hun-  
dred times the circulation. If this advertiser in a small commu-  
nity paper will sell the automobile, that is all the same advertisement  
could possibly do, printed in the big paper. If in your circulation of  
three thousand one man is found who buys the product advertised,  
the advertisement is worth just as much as if it had been printed in  
a paper with a hundred thousand circulation."

ADVERTISING IS NOT A COMMODITY BUT A SERVICE. AD-  
VERTISEMENTS ARE NOT PAID FOR TO HELP OUT THE  
NEWSPAPER, BUT BECAUSE THE ADVERTISER HOPES THAT  
IT WILL BRING GOOD BUSINESS TO HIS DOORS."

If your customer is not reading your ad in this paper he is reading  
your competitor's somewhere else.

### COTTON TO GO.

At the meeting at the courthouse  
last Saturday afternoon, at which  
Field Inspector Homer E. Carrico of  
the Crop Production Loan Office  
met the people and explained the gov-  
ernment's plans for re-habilitation of  
agriculture, plans were also laid for  
a campaign to sign up the cotton  
farmers to destroy a part of their  
cotton crop.

A force was started out Monday  
with blank contracts to interview the  
cotton planters and secure their  
pledges, and we understand that prac-  
tically all of them are pledging from  
twenty-five to fifty per cent and  
that rentals are being secured at from  
six to fifteen dollars per acre, de-  
pending upon the estimated produc-  
tion per acre of the cotton to be de-  
stroyed.

We understand that much of the  
land will be reseeded in fall crops of  
grain sorghum for home feed con-  
sumption if the preliminaries of the  
destroying process are completed in  
time.

### MARRIED.

Mr. E. O. Milliken of Vanderpool  
and Miss Stella Mae Willis of Tarpley  
community were married at the  
home of the bride's parents, Mr. and  
Mrs. R. E. Willis, Monday morning,  
June 26, 1933.

The bride, who has been teaching  
school for the past several years, will  
be remembered by many of our read-  
ers as an alumnus of Hondo High  
School, having graduated with the  
class of 1923.

The happy pair will be at home at  
Vanderpool after July 1st.

This paper joins their friends in  
congratulations and best wishes.

## INFORM YOURSELF

At the election to be held in Texas on August 26 among the issues to  
be voted on is one to determine whether the state favors or opposes the  
repeal of the 18th Amendment to the Federal Constitution. Two sets of  
delegates, one favoring the repeal and the other opposing, were selected by  
advocates of each side at conventions held in Austin Tuesday. The delegates  
elected on August 26 will assemble at a later date and cast Texas' one vote  
either for or against repeal according to which set of delegates is elected.  
Therefore, it is very important that you inform yourself and cast your vote  
as you would have the vote of the state recorded on this momentous question.

### Those in favor of

#### REPEAL

and the end of Prohibition will vote  
for this entire list of delegates.

The thirty-one delegates and  
thirty-one alternates chosen from the

## FAMED FLYER IS APPOINTED MANAGER OF AVIATION SALES.

Noted aviator, winner of many  
world's speed records, and holder  
of the Distinguished Flying Cross,  
Captain Al J. Williams has accepted  
the position of Manager of Aviation  
Sales with the Gulf Refining Company.  
He takes over this responsibility to  
devote his wide flying experience to in-  
dustrial progress. He will assume  
his post immediately.

This announcement has particular  
importance not only because Captain  
Williams is one of America's fore-  
most exponents of aviation but also  
because his experience as business-  
man, writer, lecturer, and lawyer fit  
him for his duties.

His career has been featured by  
many outstanding acknowledgments  
of his prowess as an ace flyer. In  
addition to winning the Distinguished  
Flying Cross, Captain Williams was  
one of the twelve men selected in the  
United States "in recognition of ser-  
vices rendered to aeronautics" by the  
American Society of Mechanical En-  
gineers. For eight consecutive years  
he held the American speed record  
for airplanes.

Captain Williams enlisted in the  
Navy for the duration of the war as  
naval aviator. He specialized in test-  
ing airplanes for the Navy Depart-  
ment and developing aerial aeronaut-  
ics for purposes of fighting in the air.  
From 1926 until 1930, when he re-  
signed from the Navy, he specialized  
in high speed research.

At the time that he received the  
Distinguished Flying Cross, Captain  
Williams also received a citation from  
the Secretary of the Navy. This  
stated, in part: that he had many  
times undergone risk of his life for  
the benefit of the service—that, up  
to 1925, he had performed this duty  
with aid of parachute where a serious  
crash was expected—that he flew one  
plane to complete destruction to elicit  
information on the vital subject of  
flat spinning of service aircraft—that  
his constant association with test  
and development work had been oc-  
casioned by the desire of the chief of  
the Bureau of Aeronautics to con-  
tinue him in a position where the  
Navy could get the most benefit of  
his experience and ability—that the  
standard combat type of plane re-  
flects many of the improvements  
pioneered in racing by him—that  
from 1922 on he played a major part  
in keeping the Navy to the fore in  
heavier-than-air development—that  
in articles written to the public he  
had shown himself to be a scholar as  
well as a master pilot.

Today Captain Williams' busy  
life supplies him with a diversity of  
interests and make him doubly val-  
uable as Manager of Aviation Sales  
for the Gulf Refining Company. He  
is one of the officers of the Delaware  
Chemical Engineering Company, a  
steady contributor to the Saturday  
Evening Post, Collier's, Liberty and  
aeronautical journals on aviation sub-  
jects, a lecturer of note, a lawyer in  
the State of New York, and a Cap-  
tain in the U. S. Marine Corps, Re-  
serves. It is also interesting to note  
that he graduated from Fordham  
University, received a Bachelor of  
Laws degree from Georgetown Uni-  
versity Evening Law School, and  
pitched for the New York Giants for  
two years under John J. McGraw.

## OUR YESTERDAYS.

By Emma Allen Bailey.

Life is just a rocky road  
With many winding ways,  
We cannot know what is ahead,  
Or use our yesterdays.

We must live the righteous life  
As each days path we tread,  
Our yesterdays will be too late—  
We may be with the dead.

Our yesterdays bring joy or grief  
The present "now" portrays—  
Let's use today—and retrospect  
With joy our yesterdays.

We do job printing.

## SURVEYS COMPLETED.

San Antonio, Texas, June 27.—  
South Texas political subdivisions  
have virtually completed their sur-  
veys for projects to be advanced for  
inclusion in the federal government's  
huge public works program, according  
to Lay Leeman, general manager of  
the South Texas Chamber of Com-  
merce.

Leeman said that more than 300  
surveys, calling for an expenditure  
of some \$50,000,000 had been re-  
ceived at the San Antonio headquar-  
ters of the South Texas chamber.  
These are in such form that they can  
be presented to the federal adminis-  
trator for Texas as soon as he is  
named, probably within the next week  
or ten days.

While all of the projects will be  
referred, Leeman pointed out. He  
stated that the Federal government  
had announced its intention of ad-  
vancing loans or grants only on  
those projects which are actually  
needed at this time and had indicated  
that preference would be given to  
sections having the largest number  
of unemployed.

Leeman said that the South Texas  
Chamber would do everything possible  
to see that this section received a  
fair share of the Federal funds. "We  
recognize, however, that the Federal  
government is no 'Santa Claus' and  
that some of the projects will be dis-  
approved," he added.

Actual city and country improve-  
ment work in South Texas, with funds  
lent or donated by the Federal govern-  
ment, should be under way in some  
instances before the end of July, in  
Colonel Leeman's opinion.

Surveys have come in from all  
parts of the area. Applications for  
funds range from a few hundred  
dollars to several million.

In addition to school, road, water-  
works and sewerage construction and  
improvements, the projects call for  
harbor development, construction of  
drainage ditches, the building of  
dams for irrigation and recreational  
purposes, municipal stadia, airports,

## QUIHI NOTES.

Blessed are they which do hunger  
and thirst after righteousness: for  
they shall be filled. Matth. 5:6.

Every sensible person safeguards  
his good name, his good reputation.  
Without these his public credit and  
trust is gone. He becomes a cipher,  
and general opinion passes him by.  
And the public code of morals has  
grown wide enough to follow it with  
little exertion and be called righteous  
before men. Righteous before God  
in thought, motive, intention and aim,  
and to long and labor for it as for  
something absolutely essential, like  
food and drink, such is not within  
man's grasp and possession, unless  
his heart is changed and equipped  
from above. You have the Lord's  
promise. Only such righteousness  
satisfies the soul.

With only the nearest friends pres-  
ent, Miss Hattie Neuman was joined  
in holy wedlock with Mr. Charles  
Lutheran Church. The bride couple  
left in a short wedding trip imme-  
diately after the ceremony. They will  
make their home at Brackettville,  
Texas, where Mr. St. d'for is engaged  
in business. The best wishes of their  
friends are with them.

## AMONG THE BUSY BEES.

Mr. Patterson of Devine, Texas,  
advises to boost the honey price to  
7 cents in the 60 pound cans, 8 cents  
for 6-10 cans per pound and 10 cents  
for comb honey in 6-10 cans with a  
one cent rise on 12-5 cans and 20-3  
cans. Very good, if you can get it,  
and first, last and all the time first  
get the honey. My bees have not yet  
gotten honey to spare for me.

Quite a discussion is now on in  
the bee journal what to call honey after  
it has been thrown out of the comb  
by the centrifugal force of the ex-  
tractor. Some call it extracted honey,  
while some think liquid honey more  
appropriate. I have used the word  
liquid honey, and have lost quite a  
lot of trade because people have no  
money. Yet some people bite if you  
call it homemade molasses but sell it  
cheap enough.

Sirloin steak, dates and walnuts  
come nearest to having as much food  
value per pound as honey, while cab-  
bage, celery and tomatoes have the  
least of a list of some 25 articles of  
food (that are all delicious) gathered  
up by Mr. H. D. Murry, Magnet, Tex-  
as. We should at least eat it on our  
own tables instead of decorating it  
with corn syrup, molasses, jello, etc.  
Many beemen actually do not eat  
honey and yet they expect others to  
buy it from them as an article of diet.

I got in the vortex of a cyclone, it  
appears, by advocating a trial of  
honey where on account of diabetes  
the use of sugar is denied by medical  
men, and that storm came from those  
trying to eke out an existence from  
the sale of honey. Now boys, I meant  
no harm, if you would rather down  
honey at every chance and hit him  
over the head at any place, you cer-  
tainly have my permit. I tried it, I  
dared to try it, and got well inside of  
a few weeks.

After eating West Texas honey for  
over 30 years that friend, Geo. W.  
Bohne, of Luling, La., has the  
gall to tell us that Huajilla honey and  
the blamed tasteless corn syrup act  
the same in honey recipes; that you  
could not discover their presence in  
said recipes. Huajilla honey con-  
tains more sweetness to a pound than  
glucose or corn syrup contains in a  
1000 pounds; that is the only differ-  
ence.

Many Northern beemen are com-  
plaining of prejudice against honey  
when offered at the same price as  
syrup or molasses to the buying  
agencies of relief associations. Now,  
Mr. J. A. Green of Grand Junction,  
Colo., if you beemen could stand or-  
ganized you would have no trouble.  
But as long as you find most of your  
kick in running down honey as a  
healthy food, just that long we be-  
men will fight for the rear seat; that  
is very sure.

Ignorance is the greatest danger  
for the beeman as to the bee diseases,  
according to an article of Mr. J. H.  
Sturdevant of St. Paul, Minn. I must  
admit that I am in ignorance of how  
to create a flow of honey for my bees  
when there was none like the past  
spring.

The Colorado Beekeepers claim  
there is no over production of honey;  
therefore, no need of cutting the  
price. Perhaps so. Call it anything  
you wish: Over-production, under-  
consumption or lack of money among  
the masses; the end will result the  
same way. It will amount to no  
honey sales, unless, perhaps, the bee-  
keeper offers his honey cheaper than  
other syrups, etc.

## OUR HONEY RECIPE.

### LEMON CRUMB PIE.

1-2 cup honey  
1 cup buttered bread crumbs  
2 yolks and the white of an egg  
Pinch of salt  
1 cup cold water  
1 tablespoon corn starch  
Juice and rind of one lemon.  
Juice crust and bake when  
done, cover with meringue.

Ollie C. Kerby of Sedalia, Mo., asks  
in Beekeepers' Item: "How far will  
bees work away from home and does  
the distance they work have any ef-  
fect on the amount of honey they  
store?" I would say that in this lo-  
cality bees do not fly over two miles  
for nectar and at the same time fur-  
nish a surplus. The second part of  
the question I would answer with an-  
other one: "Would a commercial motor  
truck haul as much freight be-  
tween LaCrosse and Chicago as it  
would haul between LaCrosse and San  
Antonio, Texas? Do you catch the  
point, Ollie?"

I have read with amusement the  
theory of Mr. C. F. Blumberg, who  
claims to know most that he cares to  
know about bees. With us poor de-  
vils who try to eke a living out of  
these insects, theories count for  
naught; we have to have facts.

The joke he told Mr. Pape, that he  
says himself is not so, has been tried  
out here in detail by people who  
wanted eggs from someone's improved  
strain for setting, but did not feel  
like paying \$1.50 per setting of eggs,  
so they bought her eggs at the gro-  
cery for 15 cents per dozen. But  
they would not hatch because a spot  
of fat had been wiped over each egg  
that had killed the egg for hatching.  
No amount of setting hens could  
warm up those eggs so they would  
hatch. So! Mr. Blumberg says he  
needs no more information to prove  
that worker bees are both males and  
females. Of course, we poor igno-  
ramuses called beemen know that  
there are magnifying glasses that are  
powerful enough to show the sex of a  
honey bee even to a recognized  
joke writer. I know that I can see it  
by mashing it between the fingers,  
because if a male, his organs would  
protrude from his body while being  
mashed. There are some mysteries in  
insect life that are perhaps hard to  
understand to some people possessed  
of an overcharge of conceit. To me  
it would spell nothing at all whether  
or not Mr. Blumberg wants to hunt  
up his bee knowledge from doctors,  
preachers, lawyers or bees.

cery bill for a family of five the year  
around on the farm of Mr. and Mrs.  
J. D. Davenport of Live Oak in Jack-  
son county. The flock has returned a  
profit because of very high produc-  
tion and very careful management.  
In April the flock averaged more  
than 24 eggs per hen. Home grown  
feed goes into the ration, an abun-  
dance of green feed is supplied, the  
hens are kept free of parasites, and  
the stock is of excellent quality. The  
"big five" ration is used, consisting  
of equal parts of corn and kafir meal,  
wheat shorts, ground oats, wheat  
bran and meat scrap. Home grown  
corn and kafir form the scratch grain.  
No expensive equipment is used.

A total of \$2,500 has already been  
realized by members of the Biady  
Cooperative Poultry Association, who  
during March shipped 20,000 turkey  
eggs to northern hatcheries. County  
Agent James D. Prewitt states that  
these sales have already cleared  
enough for a large number of mem-  
bers to pay their production costs,  
and that sales for the next two  
months will be largely profit for  
them. In spite of the early hard  
freeze which killed all of the green  
stuff, many flocks have already  
reached 65% production, due to care-  
ful attention to feeding rations.

NO. 3259.  
In the  
District  
Court of Medina County, Texas.  
THE STATE OF TEXAS  
vs.  
THE SHERIFF OR ANY COUN-  
TEE OF MEDINA COUNTY,  
DEFENDANT.  
Plaintiff vs. Defendant.  
The undersigned, being duly sworn, depose and say that the following is a true and correct copy of the original of the within and foregoing petition, as the same appears from the records of the District Court of Medina County, Texas, to-wit: (1) Special Warranty Deed from Mrs. Annie Rhodes Prime (nee Gilbert) a feme sole to Mrs. Carrie G. Clifford, a feme sole, and Edward S. Clifford, dated October 22, 1927, filed December 9, 1927, recorded in Medina County Deed Records in Book A, No. 85, page 372. (2) Tax Sale Deed from J. W. L. m. n. Tax Collector of Medina County, Texas, to F. Rothe and Bro., dated March 4, 1890, filed June 2, 1927, at 4:30 P. M., recorded in Medina County Deed Records in Book A, No. 83, page 383. (3) Quitclaim deed from F. Rothe, Henry Rothe, A. C. Rothe, and Loui- althe to E. T. Gilbert, dated January 31st, 1891, filed June 2, 1927, re- corded in Deed Records in Book A, No. 83, page 389. (4) Affidavit of limitation made by Emilie E. Gilbert, Edward S. Gil- bert and Carrie Gilbert Clifford, dated April 5, 1928, filed April 5, 1928, 3:15 P. M., recorded in Book "A", No. 87, page 267. (5) Affidavit of limitation made by Jacob Reinhart, Affiant, dated April 17, 1928, filed April 21, 1928, 1:10 P. M., recorded in Deed Records Book A, No. 87, page 305. (6) Affidavit of limitation by Dr. J. W. Nixon dated April 16, 1928, filed April 21st, 1928, 1:10 P. M., recorded in Medina County Deed Records in Book A, No. 87, page 305. (7) Warranty deed from Emilie E. Gilbert, a feme sole, and widow of Edward F. Gilbert, Jr., dec'd, Carrie Gilbert Clifford, a feme sole, Edward S. Gilbert, joined herein by his wife, Mary Lou Gilbert, to Harley E. Woodward. That on such date, May 1, 1933, plaintiff was in possession of such premises, and afterward on to-wit: the 10th day of May, 1933, the defendants unlawfully entered upon and dispossessed him of such premises and since which time said defendants have withheld from him the possession thereof and are claiming some character of interest in said property. Defendants have occupied and used said premises under such unlawful possession and have thereby damaged plaintiff in the sum of Five Thousand (\$5,000.00) Dollars, in which amount by virtue of such wrongs, defendants are justly indebted to plaintiff; but although repeated demand for pay- ment thereof has been made of defendants by plaintiff, defendants have failed and refused and still fail and refuse to pay the same, to plain- tiff's damage in the sum of Five Thousand (\$5,000.00) Dollars. Plaintiff further shows to the Court that he has had and held peace- able, continuous and adverse posses- sion under title and or color of title from and under the State of Texas, of the lands and tenements described herein for more than three years next preceding the commencement of this suit. WHEREFORE, plaintiff claims said property by the three year Statute of Limitation, as defined in the Civil Statutes of the State of Texas. This plaintiff further avers that he is the owner of and entitled to pos- session of said above described land and improvements thereon by virtue of conveyances made to him and to his predecessors in title by, through and under whom he holds, claiming the same under deeds duly registered and has had peaceable, continuous and adverse possession of the lands, tenements and improvements, culti- vating, using and enjoying same and paying all taxes due thereon as they accrued for a period of more than five years next before Defendants' cause of action, if any they have, arose and next preceding the filing of this suit and this he is ready to verify. Wherefore, plaintiff says that he holds title to said property under the five year Statute of Limitation as de- fined in the Civil Statutes of the State of Texas. This plaintiff represents and shows to the Court that he claims to have good and perfect right and title to the land, premises and improvements herein sued for, has had continuous and adverse possession thereof, en- joying, using and cultivating the same each year for a period of ten years after the defendants' cause of action, if any they have, accrued, and before the commencement of this suit, such possession being taken and held un- der written memoranda of title speci- fying the boundaries of the tract of land and duly recorded in the Deed Records of Medina County, Texas, and this he is ready to verify. This plaintiff represents and shows to the Court that he claims to have good and perfect right and title to the land, premises and improvements herein sued for, has had continuous and adverse possession thereof, en- joying, using and cultivating the same each year for a period of twenty- five years after the defendants' cause of action, if any they have, accrued, and before the commencement of this suit, such possession being taken and held under written memoranda of title specifying the boundaries of the tract of land and duly recorded in the Deed Records of Medina County, Texas, and this he is ready to verify. Plaintiff further says that the de- fendants' and each of them and the unknown heirs of each of said defen- dants and the unknown heirs of the unknown heirs of each of said defen- dants claim some character of inter- est or title to said above described property, the nature and character of their claim thereto, if any they or either of them have, being unknown to this plaintiff, but that if said de- fendants, or any or either of them, ever had or held any title or posses- sion of said above described land, that of said above described land, or of all such interest as they, or either of them, may have had, held or claimed, then: may have been barred by the three, five, ten and twenty-five year statutes and that the claim of said de- fendants and each of them, constitute a cloud upon the title of this Plain- tiff, which he is entitled to have re- moved by decree of this Court. Wherefore, he pleads and relies upon said Statutes of three, five, ten

and twenty-five years limitation re- spectively as defined in Articles 5507, 5509, 5510 and 5519, respectively, of the Revised Civil Statutes of the State of Texas, in bar of any right which said defendants, or either of them, may have. Wherefore, Plaintiff prays judg- ment of the Court that Defendants be cited as required by law for the proper time and as often as may be necessary to appear and answer here- in, and that an attorney ad litem be appointed by the Court for the De- fendants cited herein by publication and that Plaintiff have judgment for the title and possession of the above described land and premises and for the cancellation of all clouds on the title of Plaintiff to said land, and for restitution of same, if such be necessary, and that Plaintiff have his costs in this behalf expended and for such other and further relief, both general and special, in law and in equity, as plaintiff might be justly entitled. HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in the town of Hondo, this the 14th day of June A. D. 1933. EMIL BRITSCH, Clerk of District Court in and for Medina County, Texas. This plaintiff represents and shows to the Court that he claims to have good and perfect right and title to the land, premises and improvements herein sued for, has had continuous and adverse possession thereof, en- joying, using and cultivating the same each year for a period of twenty- five years after the defendants' cause of action, if any they have, accrued, and before the commencement of this suit, such possession being taken and held under written memoranda of title specifying the boundaries of the tract of land and duly recorded in the Deed Records of Medina County, Texas, and this he is ready to verify. Plaintiff further says that the de- fendants' and each of them and the unknown heirs of each of said defen- dants and the unknown heirs of the unknown heirs of each of said defen- dants claim some character of inter- est or title to said above described property, the nature and character of their claim thereto, if any they or either of them have, being unknown to this plaintiff, but that if said de- fendants, or any or either of them, ever had or held any title or posses- sion of said above described land, that of said above described land, or of all such interest as they, or either of them, may have had, held or claimed, then: may have been barred by the three, five, ten and twenty-five year statutes and that the claim of said de- fendants and each of them, constitute a cloud upon the title of this Plain- tiff, which he is entitled to have re- moved by decree of this Court. Wherefore, he pleads and relies upon said Statutes of three, five, ten

GRASSHOPPERS THREATEN PARTS OF EAST TEXAS.

Grasshoppers in immense numbers are developing in portions of East Texas, especially along the Brazos and Trinity rivers and their tributaries, reports R. R. Reppert, entomologist of the Extension Service of Texas A. and M. College. County agents are making close observa- tions and preparing farmers to fight the pest with poison bran mash where damage is threatened, he says.

Poison bran mash, effective in control of grasshoppers or cut worms, is made by mixing together dry, 25 pounds bran and one pound Paris green or white arsenic; and to this adding a liquid mixture made of the

juice and ground rind of 6 lemons, 2 quarts of cane or sorghum molasses, one pound of salt, and about 6 gal- lons of water. This is enough for cov- ering 5 acres, Mr. Reppert says, and should be broadcast late in evening or early in morning over the infested part of crop or bordering grassland. He warns against placing it in piles or lines, and against substituting calcium arsenate or lead arsenate for the poisons mentioned.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills To Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect What- ever on the Liver or Its Production of Bile.

Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs. When your liver becomes sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, bilious- ness, nervousness and sour stomach. Sargon Soft Mass Pills remove the cause of this condition in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two generally recognized sub- stances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its pro- duction of bile. Sargon Soft Mass Pills contain both of these sub- stances.

BAPTIST NEWS NOTES.

All real believers in the wonderful Christ as humanity's eternal hope, will prove true soldiers of Him during these hot days. During the week days we do not side-step any ordinary duties. Certainly no one will default in matters of priceless moment, when even God cannot succeed if man, His chosen co-laborer, fails Him. In our Bible study on next Sunday, we turn to the Old Testament. Joshua, the successor of Moses, will be the subject of our consideration. He was a mighty man in his day; a true servant of God and of humanity. The scripture text is found in the first chapter, verses 1-9, and the 23rd chapter, verses 1, 2, 14. Let us have a full school. The old Pastor is determined to do his very best. He needs the help of every one. Let us come in our plain clothes, and let Him who has no money come. It is not your money which God wants; it is you, your heart, your presence, your love. We shall have the very best of singing. Bro. Joe Harvey Wilson and his choir will lead us in fine, inspirational music. Then the Pastor will have a worthwhile message. It will do you good in your heart. The biggest business on earth is God's business of salvaging our poor, sin-stricken, benighted humanity. We want every visitor, who may kindly join us in worship, to know that their presence is welcomed and appreciated. Our impossible burden is not our ignorance, nor poverty, nor afflictions; great as all these are, but our impossible burden—the burden we should cast on Him—is our pitiless sins.

The evening service will begin at 8:15 o'clock. Let our singers be on hand. Let the men and boys come in their shirt sleeves. Be comfortable. Let us all bring hearts full of love and fidelity to our Maker and Saviour, with prayer for the progress of the Gospel throughout the world.

The church, my dear friends, is still "the Father's House", here on earth. Its doors stand open to welcome the "dead broke" prodigal back home, where he may find comfort, a welcome, and food for his poor soul, where his sins may be forgiven and where he may be pointed to the haven of rest eternal, when these disappointing earthly experiences have forever passed. Come out, on next Sunday and find bread handed down from above, from that ONE Whom you cannot do well without. PASTOR.

A GOING CONCERN.

The above caption was given to an article in our religious paper which is very significant and worthy of our attention.

During the recent depression the people have turned back to the Church, and to the Church membership in the United States. In 1932 the religious bodies showed a net increase in membership of 929,252, thirteen years and over, this is one of the largest gains ever recorded.

The growth of church membership has steadily outstripped the growth of the country's population, there has been almost 100 per cent increase in membership in the church since 1903, while the population of the U. S. has increased about 66 per cent.

In the matter of finances the showing is better than most secular enterprises. It is significant that, since the depression began, one out of every six banks has failed, one out of every 45 hospitals has closed, one out of every 22 business and industrial concerns has gone bankrupt, but only one church of every 2,344 has closed its doors. The cause we think for this is that we need the church in times like these through which we have been passing, as perhaps no other institution. Only the ministry of the church of Jesus Christ has a message when the material things slip from us. Yet there are so many even who are members of the church that in these times are not attending the services of the church and availing themselves of this God given means of finding themselves and receiving the help and inspiration derived from worship.

We cannot afford to deprive ourselves and our families of this means of grace, that helps us onto a larger and richer hold on life and a fuller trust in the God of all ages. If you find upon self-examination that you are one of those who has been missing this fellowship, by all means correct this mistake by being in church Sunday morning.

We invite your hearing Sunday morning when we present "The Christian's Sacramental Life". Come with us and we will "do the good".

We are living in a day when the Christian constituency should be alive and alert. Many evils are raising their heads and if they are destroyed it will be by the sword of the Christian. We are in a day when we need to raise the battle cry of "Onward Christian Soldiers". God help us to see and to know our duty to our day, and to meet the responsibility that is ours. To do so men must come to receive a fresh baptism of power from on high. Think with us Sunday. Oh may we measure up to this our day under God as our great Leader.

A purposeful life is clothed with spiritual power. We, each one, have this power to be able to meet our day and to cope with our task as Christian citizens. The Church people have been the leaders and the exponents of every great reform and forward movement for the good of society. We have work to do today. May we be about it.

BRONCHOS WIN TWO GAMES.

The Hondo Bronchos, boasting a strong team and managed by Al Hollmer, journeyed to Castroville Sunday where they defeated the Castroville Indians by the score of 9 to 4. The locals did some heavy hitting led by their "speedy" manager who smashed out two doubles and a single, one over the left field fence. C. Tondre connected for a triple and a single for the losers.

Batteries were King and Reiter for the Bronchos; Hans, Moehring and Biediger for the Indians.

The Bronchos met the Moore ball club Wednesday, on the local and walked away with a 16 to 4 victory.

Sunday the Bronchos journey to Bandera to play a game with the team of that city; and take on the Sabinal crew at Sabinal on July Fourth.

ST. PAUL'S LUTHERAN CHURCH.

Several hundred Lutherans will gather at Texas Lutheran College at Seguin on July 19 to 23 for a Lutheran Chautauqua of Church Workers. This is an annual event. Plans are made to entertain a large representation of all churches of the American Lutheran Conference in Texas. A complete recreational and inspirational program has been arranged.

Three groups of church workers will hold their annual state conventions at that time, namely the Women's Missionary Federation, the State Sunday School Teacher's Association, and the State Luther League.

Outstanding among the speakers will be Dr. C. V. Scaetley of Columbus, Ohio, who will speak on various phases of India Mission, Rev. Allen E. Nelson, head of the Department of Christianity at Clifton Junior College, Clifton, Texas, who will speak on Evangelism and Christian Education.

Vacation Church School in Program.

The Vacation Church School which closes on Friday of this week, will render a program at the Church on Sunday night, July 2, at 8 o'clock.

There will be interesting numbers which will be entertaining and at the same time will demonstrate the value of this work in the life of the pupil. Not only are the parents of the children of the school expected but all members of the church and their friends as well. In this way we give encouragement to a most vital part of the church's program—Christian Training of Children. Let us all be present!

The Luther League will meet next Sunday somewhat earlier than usual, namely at 6:45. Please note the time and be there promptly.

The morning service will be English at 10:30, Sunday School and Bible Classes at 9:15. Service on Sunday, July 9, German, 10:30 A. M.

The Ladies Aid Society will meet on Wed., July 5, at 2:30 P. M. at the home of Mrs. R. W. Richter. All members are requested to make arrangements to be present.

ANVIL SPARKS.

(Continued from first page).

Grande Valley has now been completed, via Jourdan and Alice, making it much shorter than via Corpus Christi. If we could only get the Hondo-Jourdan designated highway built, it would be a direct paved highway for us to deep water they are soon expecting at Point Isabel. We give an article complete this week from the Hondo Anvil Herald, without comment. The work of dredging Port Isabel is now going on, we were told this week, while in the Valley—Devine News.

And if our information is correct as it comes from the other direction, the gaps are rapidly being closed up that will make a connected highway in an almost direct line from the Canadian border to Brownsville, Texas. A link connecting that highway from Leakey with the Corpus Christi highway at Jourdan, via Hondo and Devine, is the logical and most direct route through the scenic hill country to the plains section north and to deep water south—and likewise the shortest haul to port—and would be a frequently traveled road both for freight and for tourists. If we can read the future of motor transportation, such a highway will mean as much or more to the towns and country traversed as the building of railroads formerly meant, and the people of this area affected by the proposed link should "come alive" to every possible means of securing it.

## FISHERMEN!

There was a fellow went off a-fishin' and left a lot of good folks a-wishin' he hadn't worked so gosh darned hard.

And gone and got so all-fired t'ard and left 'em wishin' for jobs they're fishin'!

Medina County was honored at the Annual Convention at Austin Tuesday by having a native son, Capt. W. Burrell, placed on the state ticket as a repeal alternate for the delegate A. H. Culwell of El Paso, from the 20th Senatorial District of Texas. The makers of the slate of delegates went to the two extremes of the big Senatorial District in America by selecting the Delegate from El Paso, the extreme western point, and going to within a few miles of the eastern extremity to select a Medina County man for Alternate. Captain Burrell is one of the County's biggest businessmen and has been a consistent anti-prohibitionist all his life.

"Waste not, want not!" it is ever the safest rule!

But many feel there be who never went to school!

He is never a safe leader who has not first learned to follow!

Only a fool will furnish stumbling blocks for his enemy to turn into building stones!

Misunderstandings are the foundations on which many arguments are built!

Waste is the father of Want and the grand sire of Suffering—neither child ever arose and called his parents "blessed"!!

Before assuming to be your brother's keeper first so keep yourself that he shall need no keeper against the wrongs you might do him!

Jim Ferguson has again outwitted his enemies among the Texas politicians—both his open foes and the hidden enemies among the drys. There are enemies among the drys who had hoped and expected to see the ranks of the anti-prohibitionists split over the rock of Fergusonism and their cause wrecked in Texas as a consequence. There are ambitious

camp-followers who, for the sake of paltry personal political advantage, would have lent themselves to further the wishes of these cunning schemes in the dry camp. But both have been confounded. Jim, the fighting Jim who never quits, turned diplomat for a day and won at Austin where his enemies had hoped he would fight and lose—lose both his cause and his prestige. But again he had the wit to win, and the politicians are again confounded. Will Texas politicians and would-be politicians never get wise to the fact that their opposition to him is Jim's food and drink? The ranks of the antis are closing up, fall into battle line, and march with a solid phalanx to victory on August 26th.

Mrs. Esther Lee Eckenroth, a resident of San Antonio for the last 13 years, died today in a San Antonio hospital. She was 32 years old.

Funeral services will be held at 4 o'clock tomorrow at the Riebe chapel, Rev. W. W. Laubach, pastor of the Trinity Lutheran Church, will officiate, and burial will be in the San Jose Burial Park.

Mrs. Eckenroth lived at 124 Harding boulevard. She was a native of Brackettville, Texas.

Survivors include her widower, August Eckenroth; a son, Phillip Eckenroth; a daughter, Margaret Eckenroth; her father, John Herzog; two brothers, Henry and Louis Herzog of Brackettville and two sisters, Mrs. H. P. Schaefer and Mrs. Charles Neimer of Brackettville.—San Antonio Express.

Mrs. George Leinweber and daughters, Johanna and Alice, and Mr. Willie Leinweber attended the funeral of Mrs. Eckenroth of San Antonio last Friday. The deceased was a niece of Mrs. Leinweber.

## ADVENTURE DRAMA AT COLONIAL THEATRE.

Paramount's "King of the Jungle", an adventure drama filled with jungle thrills, is the current attraction at the Colonial Theatre. Buster Crabbe, famed for his great prowess in the water, succeeds in the role of a youth lost in the African jungles at an early age and his life and adventures both in the jungles and in New York, where he is shipped with his lion friends as a lion trainer in a circus. Frances Dee is the heart interest, and is Crabbe's teacher, friend and the only person who can handle him. There are thrilling moments during which the circus goes up in flames, the elephants rush panicky through the streets of the City, and Crabbe rescues the trapped lions. One sequence, a fight between a lion and a tiger, is a high spot in the film.

Besides Buster Crabbe and Frances Dee there is a splendid supporting cast.

## LADIES' BRIDGE CLUB.

Mrs. John Finger was hostess to the Ladies' Bridge Club and several guests on Thursday afternoon of last week, entertaining in the cool interior of the sunporch with its natural setting of fern and plants. Mrs. Finger was assisted by her daughter, Miss Frances Finger.

Mrs. L. J. Brucks received the high club prize and Miss Josephine Brucks the high guest prize. Consolation was awarded Mrs. Fletcher Davis.

The hostess served a delectable fruit salad with toasted cheese wafers and iced tea.

Those present were Mesdames L. J. Brucks, Fletcher Davis, L. E. Heath, W. O. R. the, F. H. Schweers, O. B. Taylor, Earl Starnes, W. H. Smith, John Becker, and Misses Lillian and Josephine Brucks, and Mrs. Finger.

Jack Bradley and Clarence Stuessy.

## BRIDGE LUNCHEON.

The Thursday Bridge Club personnel was the recipient of a delightfully planned bridge luncheon, Tuesday, with Mrs. R. J. Noonan as hostess. The bridge tables were arranged in the solarium, with its masses of potted plants, the favored blossoms being pink geraniums and pink verbenas, with a background of cool greenery.

At the noon hour a delicious luncheon was served, consisting of tongue salad, potato chips, saltines, pineapple whip and iced tea.

At the close of the bridge prizes were presented Mrs. H. J. Meyer for Club high score, and Mrs. Volney Boon for high guest. Second high prize was awarded Mrs. T. B. Knopp.

Those present were Mesdames T. B. Knopp, E. J. Leinweber, W. H. Smith, John Becker, Earl Starnes, J. M. Finger, H. J. Meyer, L. E. Heath, L. J. Brucks, O. B. Taylor, O. H. Miller, Volney Boon and Mrs. Noonan.

## SWIMMING PARTY.

Miss Evelyn Kimmey entertained with a delightful splash party on Saturday evening at Castroville. The invited guests arrived at the Kimmey home at 6:30 o'clock to be assembled on a truck, which served as transportation. After a jolly hour of swimming and boat riding, the guests enjoyed a delicious watermelon supper. Those partaking of Miss Kimmey's hospitality were Misses Irene Schweers, Gladys Fusselman, Lucile Van Fleet, Janet Kimmey, Eleanor Heyen, Lillian Schroeder, Dwyce Cameron, Kathleen Lacy, Mary Lois Barnes, Mrs. Ivan Bedell and Messrs. Jack Bradley, Ike Wilson, Horace Schweers, Don Windrow, Clarence Stuessy of Houston, Russel Speece, Harold Steigler, Jack Fusselman, Ivan Bedell, Hers Finger, Wayne Harlow, Fritz Leinweber, Albert and Joe Haegelin.

## MR. AND MRS. PROXTON HOSTS.

A large group of friends were hospitably entertained last Thursday night, by Prof. and Mrs. M. I. Broxton, during which time a number of interesting games of bridge were played. At the conclusion, prizes were awarded Mrs. H. J. Meyer and Dr. H. J. Meyer for high scores, and Mrs. J. G. Barry and Mr. Ivan Bedell for second high.

During the playing, refreshing fruit drinks and sweets were served.

The guest-list is as follows: Dr. and Mrs. O. B. Taylor, Dr. and Mrs. W. H. Smith, Dr. and Mrs. H. J. Meyer, Dr. and Mrs. T. B. Knopp, Mr. and Mrs. Alfred Schweers, Mr. and Mrs. Ivan Bedell, Mr. and Mrs. Earl Cureton, Mr. and Mrs. J. G. Barry, Mr. and Mrs. L. E. Heath, Mr. and Mrs. Robert Kollman, Mr. and Mrs. Henry Windrow, Mr. and Mrs. Marvin Beal, Mr. and Mrs. Garland Martin, Mr. and Mrs. Earl Starnes, Mrs. John Becker, Dr. John H. Meyer and Walter Meyer, and the hosts, Prof. and Mrs. Broxton.

## DOCTORS AND WIVES HONORED.

The veranda of the Dr. H. J. Meyer home was the scene of a charmingly appointed party Monday night, in honor of the local doctors and their wives. Dr. and Mrs. Meyer were hosts. Potted plants, cut Zinnias in jardineres and red and green electric lights in the natural shrubbery lent a delightfully intimate air to the occasion.

Iced orange drinks were served during the evening. High score prizes were won by Mrs. John Becker and Mr. L. E. Heath.

Dr. and Mrs. W. H. Smith, Dr. and Mrs. T. B. Knopp, Dr. and Mrs. O. B. Taylor, Mr. and Mrs. L. E. Heath, Mrs. John Becker, Dr. John H. Meyer, Walter Meyer, and Dr. and Mrs. H. J. Meyer composed the party.

## CORRECTION.

A typographic error, overlooked in the third paragraph in the article headed "Surveys Completed", at the top of the second column on the second page, ruins the sense of the entire paragraph. It should read as follows:

"While all of the projects will be considered, it is virtually certain that many of them will be rejected, Leeman pointed out. He stated that the Federal government had announced its intention of advancing loans or grants only on those projects which are actually needed at this time and had indicated that preference would be given to sections having the largest number of unemployed."

## VISITS HONDO PASTOR.

The Rev. Redmond O'Donohoe, of Mobile, Ala., visited Father Flynn, pastor, here last week, enroute to California.

Father Flynn and Father O'Donohoe were classmates at Mongret College, as were also the Very Rev. F. J. Geehan, chancellor of the San Antonio Archdiocese, and the Very Rev. M. J. Gilbert, rector of St. John's Seminary, San Antonio.—The Southern Messenger.

## W. M. S. ENTERTAINS.

The Women's Missionary Society of the Methodist Church entertained in honor of all the women members of the Methodist Church, with a most charming tea, in the home of Mrs. P. E. Lancaster Friday afternoon, June 23rd, from four o'clock to six.

The parsonage was beautifully decorated with pink Radiance roses, vari-colored zinnias and fern.

Miss Bertha Newton, president of the Society, welcomed the guests in a few well chosen words, after which the following program was given:

Song, "What a Friend We Have in Jesus".

Toast, "To the fellowship of the women laboring at home", by Mrs. P. E. Lancaster.

Toast, "To the fellowship of the women around the world", by Mrs. J. A. Harger.

Toast, "To the fellowship of the deaconesses and workers in the community house", by Miss Willie D. Fly.

Toast, "To the fellowship of the women laboring in the civic and literary posts", by Mrs. O. A. Fly.

Song, "We Have a Story to Tell the Nations", sung by Miss Leora Harger, accompanied by Mrs. O. A. Fly.

Responsive service led by Mrs. J. G. Newton.

Song, "Blest Be the Tie That Binds".

At the conclusion of the program there was a social hour. At this time refreshments of chicken salad, wafers, mints and spiced tea were served to fifty guests.

## RETURN FROM TRIP TO CALIFORNIA.

Miss Nanna Smith, county nurse, returned Friday from a trip to California. She was accompanied by her sister, Miss Alice Smith of Hondo. They visited their sister, Mrs. S. W. Crabtree in Tipton, Calif., and they all went to Live Oak, Calif., to see their niece and nephew, Ruby and Charles Smith, who are attending school there and whom Miss Smith had not seen for several years. They also visited other relatives there. She reports a most delightful three weeks.—From Raymondville, Texas, Newspaper.

## MISSIONARY SOCIETY.

The Women's Missionary Society of the Methodist church held its regular meeting Monday, June 19th, in the pretty new home of Mrs. Theo. Cameron, with fifteen members present.

Mrs. P. E. Lancaster was leader of the program. Miss Willie D. Fly led in prayer. Miss Bertha Newton gave a review of "A Day in the Life of a Rural Deaconess". Mrs. D. H. Fly sketched the life of the rural church. Mrs. J. G. Newton and Mrs. O. A. Fly gave a responsive service, "The Earth is Full of the Goodness of the Lord".

After the program a little business was transacted. The Society decided to have a spiritual service at the beginning of each meeting; and to have the annual guest day party in the form of a tea Friday, June 23, a write-up of which appears elsewhere in this issue.

The meeting was closed by repeating the Missionary Creed; and immediately following this Mrs. Theo. Cameron was presented with a quilt by Mrs. T. McLaugherty, a gift from the Missionary Society.

ECHTLE FAMILY CELEBRATES 50th ANNIVERSARY IN AMERICA.

On Sunday, June 18th, 1933, the children of the Echtle family, who came to this country from Germany in the latter part of June in 1833, celebrated their fiftieth year in America with a family reunion in Echtle's Grove, north of LaCoste, all of the children were present as well as all their children and most of the grandchildren.

The following is a sketch of the Echtle family, prepared by Mr. Paul Echtle, which he read at the reunion: "FIFTY YEARS IN AMERICA"

It was in the latter part of June in 1833, that our mother and eight children left Gengenbach, Baden Germany. We embarked at Antwerp Belgium, for New York on the ship Silasia, it took us 14 days at that time to make the trip. After arriving at New York we at once left for San Antonio, Texas, where we met our father and oldest brother, Joseph, who came down from Iowa to meet us there, as they had left Germany a year or so before we did.

From San Antonio we moved on a farm at Boerne where we lived for two years, the older girls working as servant girls for San Antonio families, to help out the other members of the family, since on arriving in San Antonio we found our father sick, who lingered along until October 24th of the same year, when he died.

After two years residence at Boerne the family moved to Bulverde until in the fall of 1837, when we moved to San Geronimo, now Riomedina, at which place we stayed until November 1902, when we moved to this place where we have lived up to the present and where this day we are holding our reunion.

Our father had 1 step-brother, 4 brothers and 2 sisters, while our mother had 6 brothers and 7 sisters. Father was born on November 19, 1832 and died on October 24, 1883, while mother was born on January 16, 1835 and died on February 27, 1913. They were married on December 8, 1856, to this union were born 16 children, 7 of whom died in Germany, ranging in age, from infancy to 11 years of age, they were Martin, Theresa, Bernhard, Helena, Anna, William and Valentine.

In all these fifty years since we are in America, only one of the 9 children has died and 8 now living together have an age of 48 years or an average of 61 years each.

These eight children have 47 children, including 2 from our sister, Theresa Weynand, who died in 1890. Four of these have 41 grandchildren. Two of whom are married.

Adolph Zinsmeyer is the oldest and Marcella Echtle is the youngest grand-child of our parents.

Two sisters are widows and one brother a widower, while the sisters and brothers live within a radius of 15 miles of each other.

Fifty years is a long time in a family and if we look back all these years and see how things have changed and think of the joyful and sorrowful days we have had, we can or should thank God that we are still living.

The living children are Joseph of Castroville, Mrs. Charles Zinsmeyer, Mrs. Mary M. Zinsmeyer, George and Paul Echtle, Mrs. Phil A. Scherer and Mrs. Wm. Bohl of LaCoste and Mrs. Carolina McLaine of San Antonio.

Invited guests at the celebration were Mr. and Mrs. H. Jaechel and daughter Miss Antonia and Jack Stranton of San Antonio and Rev. Joseph Schwellen from here and Rev. Jacob Lenzen from Castroville.

The afternoon was very pleasantly whiled away in singing, playing cards and indoor ball and conversation and addresses by Rev. Fathers Schwellen and Lenzen and Mr. Jaechel.

At a late hour all departed for their respective homes having had a great time and hoping to meet again for another celebration.

HUEGELE-HALL

Mr. Clarence M. Huegele from Riomedina and Miss Adeline Hall from San Antonio were happily married on June 20th, 1933 at the Sacred Heart Catholic Church at San Antonio. Rev. Jacobi performing the ceremony.

Attendants were Miss Marie Szafanski, maid-of-honor and Elmo Hall, best man. Miss Luella Huegele and Ernest Brotze, Miss Alta Huegele and Joe Steinle, Jr., Flower-girl, Little Miss Bettye Rae Burison and ring-bearer, Ervin Netherli, Jr.

The young bride was lovely in a white gown, wore a wreath and veil and carried a bouquet of tuberoses and fern.

Miss Szafanski wore blue, Miss L. Huegele wore pink and Miss A. Huegele wore green, all carrying bouquets of daisies and fern. The flower-girl wore lavender and carried a basket of flowers, the ring-bearer wore a white suit, carrying the ring in the heart of a flower. After the ceremony Mr. and Mrs. Huegele left on a brief honeymoon.

We extend our congratulations to the newly wedded couple, may they enjoy a long and happy married life.

DEVINE NEWSLETS

From The Devine News.

DANIEL H. BARNES.

Daniel H. Barnes, 87, died at the residence of his daughter, Mrs. Nelson Rivett, 1010 South Flores Street, Sunday afternoon. He was a retired rancher, and a Confederate Veteran, having served in a Virginia Regiment of Cavalry. A native of Ireland, Barnes came to this country as a boy, was a long time resident at Devine and Somerset and had been in San Antonio with his daughter the past two months.

The body was held at the Riebe Undertaking Company parlors until Monday afternoon, when it was brought to Devine, where funeral services were conducted by Editor W. L. DuBose.

He is survived only by his daughter, Mrs. Rivett.

Deceased was married here thirty years ago, and lived near Devine for many years; a member of the Methodist church and the Masonic lodge. His wife, who died two years ago, and two children, were buried in Evergreen Cemetery.

DRISCOLL BULLYING THE CATTLE MARKET HERE.

Finding that corn and Johnson grass do not grow well together, W. G. Driscoll has turned some of his irrigated lands leased into pasturage

for cattle, at so much per; and the other night the denizens of town were awakened by the bellowing bulls, the yells of cowboys and the whistling of trains. Next morning we learned that Mr. Driscoll had unloaded and driven out to his pastures south from town 144 big bulls of the brahma, red polled and white face breeds from Kingsville. These are to be fattened at a good price per head on these lands. The recent rains were fine on these grass fields, but Mr. Driscoll is preparing to water when necessary, shifting from one pasture to another. He is also running mowers on the best of it to supply feed when necessary. Mr. Driscoll is of the opinion that much of the best lands can be made profitable only by feeding and dairying interests, and doesn't know yet whether this will pay, when water must be applied to the lands. It is a sort of experiment, Mr. Driscoll says.

Paul Ehlinger, Jr., is at home from St. John's Seminary, San Antonio, having finished his "Philosophy Year" in his study for the priesthood. Paul has been in the seminary several years, since finishing the eighth year in the Devine High.

County Attorney H. E. Haass, and John T. Briscoe, were attorneys representing the two sides in some cases tried in the J. P. court here Monday, being regular court day.

QUEEN OF THE GIPSIES.

By James Neill North.

Oh I am the maddest of gipsies,  
For I answered the Romany call,  
And I take what I want when I see it,  
For I am the queen of them all.

You'll play me strangest melodies  
Under the stars of blue,  
Oh with you I'll ride the puebla,  
My lover, away with you.

Oh why shouldn't I be gay?  
I own the world and all,  
Don't you want to come and join us,  
As I wear my colored shawl?

I'll sing you the song of the gipsies,  
The wildest song of all;  
Don't you want to come and join us,  
Can't you hear the gipsy call?

## Peculiarly Californian Yet Adaptable

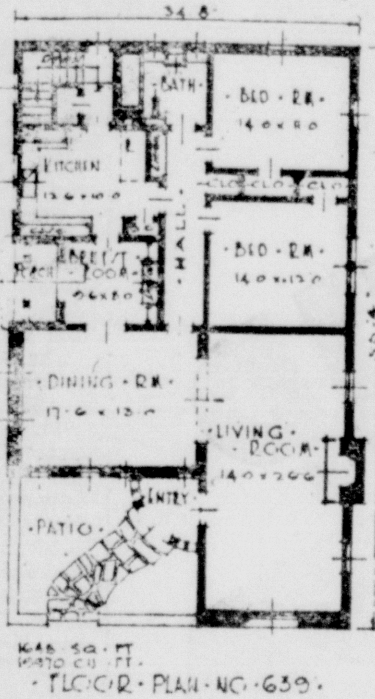

THE COLORADO—NO. 639

CERTAIN types of California bungalows must remain at home if they are to appear at their best. This is one of them. It is peculiarly Californian. It is just such decoration as it is here to be able to hold up its head with confidence. The picture shown is lacking in no essential way. It simply wins instant approval for its undeniable beauty. And one must be peculiarly captious not to surrender to its appeal.

Give this dominant little love a home if you decide to build it, on a small plot of some modest hill, or on a level site. It is so outstandingly yet sufficiently simple to bring out its lines to the fullest, and to afford an opportunity to enjoy the view from its windows. About an atmosphere of cool assurance that instantly establishes its individuality. Don't sacrifice this by making it indifferently or by trying to give it the generous proportions of both merits and demerits.

The walls were painted white and the contrast with the vivid green of the semi-tropical plants was most pleasingly pronounced. Built anywhere than in California, or in the South where this particular type of foliage is obtainable, it might be better to retain the natural color of the brick. There is character sufficient in the home to make it outstanding anywhere and its Spanish type should not discourage its selection for any locality. Spanish types in recent years have been winning recognition more and more in the North and East, but it is safe to say that few of the existing examples show to better advantage than would this one.

FLOOR PLAN—NO. 639

It is a small family bungalow with only two sleeping rooms and the customary complement of living room, dining room and kitchen. The living room is especially large for the size of the home, cheerful from lighting on both side and end, and supplied with the customary open grate for a wood fire in chilly weather. The dining room, breakfast nook and kitchen occupy one entire side of the house. Built of common brick this should be an economical investment anywhere.

## Sound Diet is Basis of Feminine Beauty

By Madelon Jeanes

THE natural ambition of every normal woman is to present an attractive appearance. Upon this alone many great industries are based—cosmetics, the industries producing women's clothing accessories, and many others. All these aids to beauty can be of tremendous help, but without health all that ingenuity can do and money command are of little avail.

Health, particularly in this hurried, high-tension age, is a matter of sound living. A diet that supplies all the essentials required to keep the system functioning properly is the foundation of beauty, yet how many women lavish time, thought and money on artificial aids, while neglecting this essential that is more important than them.

No respect is paid to the fact that more than half of the "bulk" or "padding" necessary to support the figure is eliminated by the use of laxatives, and eat prepared foods out of which the bulk has been refined. Time and again the elimination leading straight to vitality, slow, lifeless features, lackluster eyes, head

Bessie Love, a charming example of modern, young American womanhood and of the beauty value of sound living habits, including a wisely planned diet. No artificial aids to beauty could give Bessie Love her vivid, sparkling appeal.

aches and a generally depressed outlook on life. What artificial aids to beauty can make up for these losses? Adopt as your first "beauty commandment" the regular inclusion in your diet of the foods that provide

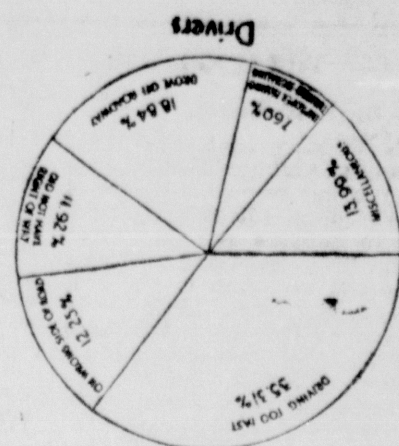

the bulk your system needs—lettuce, cabbage, carrots, chard, whole wheat bread and cereals, and bran. Bran is particularly convenient and helpful. It can be bought in any grocery store at any season of the year. In addition to providing bulk, it provides iron needed for the making of good, red blood, and to prevent nutritional anemia, also Vitamin B, helpful in toning the intestines. Finally, bran can be added to the menu in an unusually wide variety of appetizing ways.

Many enjoy bran as a cereal, with milk or cream. Others like to add it to other cereals, or use it as a topping for stewed fruits. Sprinkled over soups it gives a pleasing and novel touch. It can be used as an ingredient of many kinds of breads, cakes, cookies, muffins, in waffles and in puddings. Below is a suggestion for its use in a dessert that is as appetizing as it is healthful.

### Honey Bran Pudding

One-quarter cup butter, two-thirds cup honey, one egg, well beaten, one-half cup milk, one-half cup bran, one cup flour, one-half teaspoon soda, one-half teaspoon salt, one cup seedless raisins.

Cream butter and honey together. Add egg, milk and bran. Sift dry ingredients and mix with raisins. Add to first mixture. Combine thoroughly and put into greased mold. Cover tightly and steam for two hours. Serve with hard sau-

More than 80 per cent of all the fatal automobile accidents throughout the country last year occurred under clear weather conditions. Two per cent happened during foggy weather, 10 per cent when it was raining, and 15 per cent when snow was falling.

BY using a screen like this you can have a little breakfast nook in your kitchen. You can make the screen yourself of pressed wood boards and decorate it to suit your own taste.

The custard pie will be an even, nice brown when baked if a little sugar is sprinkled over the top just before putting into the oven.

TO make boiled starch allow a half cupful of the dry starch to a quart of boiling water. First wet the starch with a little cold water, then pour the boiling water on it, stirring all the while. Boil for from thirty minutes to an hour. Then, just before taking it from the fire, stir in a teaspoonful of granulated sugar.

To set the color in gingham, etc., soak the garment for an hour before washing, in a brine of cold water and ordinary table salt. The addition of a tablespoon of powdered alum dissolved in boiling water, is also helpful.

CONVENIENT corner shelves may be easily installed by any housewife who can use a hammer and saw. By using pressed wood you can make each shelf out of a single board.

After doing home-work children usually have ink on their fingers. To remove these stains rub with a cloth moistened with household ammonia and rinse in clear water.

## CAR GOING AT 40 MILES AN HOUR IS LIKE FIRING OF FIELD PIECE

An automobile is productive of an energy, which if not controlled continuously, has immense potential destructive possibilities. These destructive possibilities in the case of a car weighing 3,000 pounds and traveling 40 miles an hour, or 59 feet a second, are as great as those which are released by the actual firing of a field gun of a certain size, as illustrated.

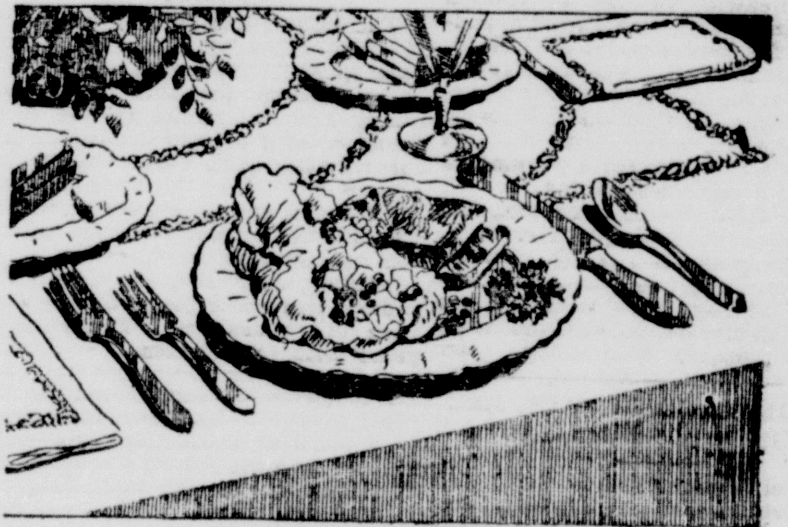

People have become accustomed to the use of an automobile. They regard it as something which most anyone can manage with safety. People are not familiar with the handling of a field gun. They regard it as something greatly to be feared.

The fundamental principle which everyone seems to understand regarding the relative destructive possibilities of different implements of war seems to be lost sight of by people when they drive automobiles. Must the automobile take the guise of the gun that shelled Paris before people generally realize its dangerous possibilities, and that the more powerful its mechanism the greater are its capabilities of destruction? Countless persons, or their dependents and friends, learn

from bitter experience that a moving automobile in the hands of many is simply a modern adaptation of the war chariot of old, leaving in its wake the dead and the injured.

No one can deny that there is a distinct relation between the rate of speed by which a person or object is struck and the severity of the resulting injuries and damage. Data contained in a study of last year's country-wide automobile accident experience made by The Travelers Insurance Company show that if a 3,000-pound car should be stopped within three inches, a force is created, if the car were going 20 miles an hour, that would be equivalent to the weight of 1,070 men, 150 pounds each; at 40 miles, 4,280 men, and at 60 miles, 9,630 men.

Pea and Potato Salad 21¢  
Tomatoes Stuffed with Cottage Cheese 25¢  
Bread and Butter 7¢  
Prune Tapioca 25¢  
Demi-tasse 3¢

Pea and Potato Salad: Drain the contents of one 8-ounce can of peas, add one and one-half cups

of diced boiled potatoes, one tablespoon chopped onion and one tablespoon chopped pimiento. Marinate in four tablespoons French dressing. Add two tablespoons chopped walnuts and one-third cup mayonnaise. Add salt, pepper and celery salt to taste. Serve on crisp lettuce.

Prune Tapioca: Scald one cup milk, add two and one-half tablespoons minute tapioca and cook for fifteen minutes in a double boiler, stirring often. Cool. Add the contents of one 4½-ounce can of strained prunes, beat and fold in one egg white, pile in glasses and chill. Serve with two-thirds cup of light cream.\*

### PIRATES BEAT DEVINE.

The Pirates had an easy time of it at Devine Sunday, when they won their game by the score of 14 to 1. D'Hanis scored five runs in the first inning and the young Devine team found it hard to stop the rampaging Pirates after that. Tommy Koch and Raymond Wolff divided the pitching for D'Hanis and both were effective. The Pirates amassed a total of 22 hits against five for Devine.

Sunday, July 2nd, the Castroville Indians will make their first appearance this season at D'Hanis for a game with the Pirates.

for Congress to stand behind the Reconstruction Corporation in making such loans as these. Let us hope that in the near future Congress will find some better way to meet the financial problems of the country, than is today exhibited in many of the methods of this quasi government corporation.

P. A. SPAIN,  
Paris, Texas.

### CAN YOU BEAT IT?

Somewhat I can't get over the absurdity of the reason given by the big business bolshies for a half-starved half-naked nation. They say a "surplus" of things to eat and wear is the cause of all the trouble; and we hear nothing but an echo and re-echo of the crazy hue-and-cry, by a pander press and the same sort of politicians. They all seem agreed that if we had a law to keep the farmers from growing so much crops, with which to buy dry goods and groceries, there would not be so many vacant places on our duds, or hiatuses in our interior departments.

And after all the fuss and feathers; and after our new president has started in to back an economic revolution which had to come to save civilization, a few old rear-back reactionaries are yet unable to see why the farmers, at less than half the cost to produce their crops, and the city workers on half-time or no time, and at cut wage, could not pay two hundred billion dollars debt, or all the nation is worth at present value. If any figures seem too big, I dare anybody to call my hand. As a starter, twenty-five-and-a-half billion dollars of American money is loaned and interest abroad, and the sleepy, "forgetful" people beat out of most of it during and since the war.

But my mind will wander back to low ridiculous is the big business idea that a people may become naked and hungry on a "surplus" to eat and wear. Of course, I can see how simple the whole matter appears to the "credit" men, who do not seem to know that when there is no cash with which to pay debts, it is good-bye credit, which fact explains the present situation. However, even the head of the Morgan international stock, bond and crop-gambling syndicate, since threatened with a senate investigation of his activities, has decided that, to make the world go round, economically, takes some cash along with the credit.

But maybe the reason I wander away from the subject of starving on too much to eat, is that the idea is so disgusting. Suppose you were asked to name a proposition any crazier than the big business bunk that has filled the newspapers for two or three years? If you think you can, send it in. See if you can beat this: If it would take a cat-fish six months to dive to the bottom of a barrel of soft soap, how long would it take a brace of billy-goats to butt the big business "surplus" from its stomach to the "depression" in its head?

### NOTES FOR THE HOG RAISER.

By V. M. Couch.

Not all farmers have the time, training and special qualifications required for doing pronouncedly good work in breeding. It is a mistake, however, to suppose for the above reason the average farmer should pay no special attention to the animals which he raises. Practically every breed of live stock has been developed by selection because of its special adaptability in meeting the given conditions. When this selection is disregarded there is a tendency for the offspring to revert to the type of their ancestors a few generations back, thus losing their special fitness for profitably meeting the conditions under which they are to be grown. This seems to be especially true of hogs.

By using care in selecting to maintain the herd and occasionally introducing fresh blood from herds of well known breeders the quality of the herd can be kept up to the standard with very little expenditure of time or money.

The American hog has been bred to mature quickly and to make rapid gains in a small amount of feed, so the farmers of this country cannot now afford to waste their time, labor and feed on hogs that are poorly bred and do not meet these requirements.

Utility comes first and farmers and breeders should not overlook this part in attempting to establish or perpetuate fancy points. But keep in mind that the most profitable hog must

have strength, vigor and rustling qualities and must gain rapidly. A sow that is weak in any point is valueless for breeding purposes and especially if she farrows only two or three pigs at a time.

Proper care given the sow for a few weeks before she farrows, then continuing with both sow and pigs until the latter are weaned, will give better returns than at any other time during the life of the animals. Improper care and feeding at this time will result in small, weak pigs, many of which will lack the ability to put on rapid and economical gains.

Hogs have been very low in price for some time, but this does not mean that the hog market will continue in this condition. Farmers and stockmen who are now giving special attention to selecting and breeding fine stock are the ones who will be in a position to reap big returns when the market improves, which it is sure to do sooner or later.

### MRS. CHRISTINA KARM. (Nee Lieber).

The citizens of our community were shocked when the news spread, last Wednesday evening, July 21st, 1933, stating that Mrs. Christina Karm, who was apparently in good health, died suddenly at her home here at 3:30 P. M., following a stroke of only a few hours duration.

Mrs. Karm was born at Castroville on February 2, 1874, and had, therefore, attained the age of 59 years, 4 months and 19 days at the time of her untimely demise.

The deceased was happily married to John T. Haby at Uvalde, Texas, in 1895, who died at Castroville in 1905. She was again married at Castroville in 1909 to George Karm, who also preceded her to the grave the past year. She leaves surviving her, three daughters, Mrs. Julius Tschirhart of Castroville, Mrs. Robert Boehme of Rionedina and Miss Lucella Karm, R. N., and one son, Joe Karm of Castroville. One son, Roland Haby and one daughter, Mrs. Hulda Haegelin, preceded her to the grave. Besides her children she also leaves surviving, her aged father, Joe Lieber, six sisters, Mrs. Toby Koch and Mrs. Leo Batot of Hondo, Mrs. J. C. Lewis of Uvalde, Mrs. Henry Zimmerman of Houston, Miss Emma Lieber and Mrs. A. E. Karm of Castroville and one brother, Fred Lieber of Uvalde; three granddaughters, Ethel and Anna Mae Tschirhart, and Elsie Haegelin, six grandsons, Harley and Winfred Haegelin, Omer Tschirhart, Weldon, J. T. and Alois Boehme and a score of other near and dear relatives.

The funeral was held from the residence at 9:30 A. M., June 23rd, 1933. The corpse was taken to St. Louis Church where a Requiem Mass was offered by Rev. Jacob Lenzen, after which it was carried to St. Louis Cemetery, followed by a large concourse of sorrowing relatives, friends, where her remains were tenderly laid to rest. Rev. Jacob Lenzen performed the last sad rites of the Church. St. Ann Society of which she was a member attended the funeral in a body.

Active pall-bearers were Raymond Koch, Oscar Batot, Cornelius Haby, Milton Lutz, Sterl Haby and Arnold Haby, all nephews of the deceased. Honorary pall-bearers were Messrs. Emil Zimmerman, Ed. Tschirhart, Sr., Louis Mangold, Lorenz Rihn, Joe Biediger, Sr., and August Tschirhart.

Cross-bearer was Harley Haegelin, oldest grandson.

Herman Blaschke is going in for a bigger trench silo this year. Ensilage from a 7-ton silo on his farm in Wied Community in Lavaca county last year kept his 4 milk cows up to the high production which sudan grass had done in the summer and fall. After taking them off sudan pasture on November 28th he fed 4 milk cows, 4 yearling calves and a bull on the ensilage with excellent results. The ensilage says that he lost some of the silage due to lack of water in filling the silo but that he will profit by past experience this year.

While his neighbors wait for their cane and sudan grass to get large enough to make hay, J. M. Hensley of Goliad county has already haled and put his first cutting of alfalfa in the barn. The second crop is now up 3 or 4 inches. His cutting this time was about 200-240 pound bales from about 3 1-2 acres. Mr. Hensley has now ready to put water on his alfalfa now ready to put water on his alfalfa meadow. By the time ordinary crops are ready to cut for the first time he will have had his second cutting of alfalfa.

Charlie Winklemann of the Hoddeville community, Washington county, is making mustang grapevine roots to produce tame grapes, putting into practice principles learned at a grafting school held last year under the supervision of County Agent C. Hohn. After grafting cuttings which he secured at the school last year, he gathered 2 bushels of white grapes, and asserts that he is going to put more mustang grapes to work this year.
